

HELPING YOU VOTE FROM HOME

400,000 people get home care in New York State. You are one of these people. You might be elderly. You might have a disability or an illness. It might be hard for you to leave your home.

You rely on your home care nurse or aide in order to stay healthy. This person keeps you safe at home and takes care of your daily needs. This person can also help you vote from home if it is hard for you to go out on Election Day.

Your aide or nurse is part of a program called

Bring the Vote Home.

It has one goal: to help you vote from home.

Voting is important. Politicians make decisions about Medicaid and Medicare. These decisions affect home care. Some politicians might cut home care. Some politicians will support home care.

You have the POWER to elect people who support home care.

Voting for home care is simple!

 STEP 1

Are you registered to vote?

NO? If the answer is no, fill out TWO documents. One of these is a **voter registration form**. The other is an **absentee ballot application**. Your nurse or aide can show you these documents and explain where to mail them. You should mail both of these forms to your County Board of Elections by early October, but no later than **October 14, 2016**.*

YES? If the answer is yes, fill out the **absentee ballot application**. Your nurse or aide can show you this document and explain where to mail it. You should mail this application to your County Board of Elections by early October, but no later than **November 1, 2016**.*

 STEP 2

You will receive an absentee ballot in the mail. Look for an envelope from the Board of Elections. Open the envelope and use the ballot inside to vote for the people you want in office. Please write clearly and fill out all information.

 STEP 3

Mail the ballot back to the Board of Elections as early as possible, but no later than **November 7, 2016**.*

**Note: Try to mail these documents before the deadline. If you are late, then your vote might not count.*
